**Bimo and Bodie Blagonwight are best friends
but they were very different.**

Bodie would eat a whole bag of fried bat wing chips every day after school.

He would eat even if he wasn't hungry.

He always wanted to stay inside and play video games.

Bodie couldn't understand why it was so hard for him to fly.

I hear you, Bodie

Bimo always heard Bodie coming when he tried to sneak into his shadow.

Bodie was very unhappy that he couldn't do things that other young blagonwights could do.

So Bodie decided to change his life.

Bodie learned how to make beetle salad.

He started to say “No thanks...” and
“That’s enough....”

Bodie began to play outside with Bimo's family and he finally started to fly!

**He even snuck up and hid in Bimo's shadow.
Maybe he is hiding in yours right now!**
